

BBQ

Be inspired by Silesia Flavours

BBQ Perfection

Barbecuing is more popular today than ever before. Barbecues are a year-round trend and winter barbecue events are also very popular!

Exclusivity – Made by Silesia

We make no compromises when it comes to taste. The key components we develop for our **BBQ flavours** are produced in our own factory in Germany. This makes our barbecue compositions unique to your products. A collection of different **BBQ flavours** – such as grilled pork rib, grilled chicken or grilled beef – gives your creations that very special barbecue note.

Unique BBQ Flavours

Provide your burgers, vegan products, marinades and snacks with that special grilled and roasted note or give your dips and sauces the taste of roasted peppers, onions or chilli. Our **BBQ flavours** are also ideal for creating trendy concepts such as grilled fruit in drinks or confectionery.

Silesia's Signature Flavours BBQ pleasure – Made in Germany!

Service & Information

Depending on your requirements, we offer our exclusive, natural flavours for that perfect barbecue taste in liquid or powder form.
